VOLUME CVI.---NO. 221. ALEXANDRIA, VA., MONDAY EVENING, SEPTEMBER 18, 1905. PRICE 2 CENTS.

A rich man died the other day. He died in the very midsummer of life, and he left his family $1,000,000. The doctor's certificate showed that death resulted from typhoid fever. The doctor himself said to a friend: "That man was a suicide. He had a splendid constitution. I could have pulled him through if his stomach had been sound. But he ruined his stomach by hasty meals, snatched in intervals of business and by neglect of symptoms which have been warning him a year past that his stomach was failing in its duties."

The symptoms of a disordered stomach are, among others, variable appetite, sour risings, heartburn, undue fullness after eating, dull headache, dingy complexion, discolored eye, fluctuations in physical strength, nervousness, sleeplessness dependency. No person will have all these symptoms at once.

The restoration of the stomach to sound health, begins with the first dose of Dr. Pierce's Golden Medical Discovery. The cure progresses until the functions of the stomach are in healthy operation. Then the nerves are quiet and strong, the appetite healthful, the sleep restful, the eye bright, the complexion clear.

"Please accept my thanks for the benefit which my child received from your medicine," writes Mrs. W. A. Morgan, of Silica, Mo. "He had been troubled for nearly a year with liver complaint, indigestion and constipation. I gave him your 'Golden Medical Discovery' and 'Pleasant Pellets,' and they did him great good. I gave him the 'Discovery' about eight months, and several vials of the 'Pellets.' He seems to be perfectly well now."

If you want a cure accept no substitute for "Golden Medical Discovery."

Pierce's Pleasant Pellets These ORIGINAL Little Liver Pills, first put up by old Dr. R. V. Pierce over 40 years ago, have been much imitated but never equaled. They're made of purely vegetable, concentrated and refined medicinal principles, extracted from native American roots and plants. They speedily relieve and cure foul, torpid and deranged Stomachs, Livers and Bowels and their attendant distressful ailments. One or two a laxative, three or four a cathartic.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Like a Comet

This famous remedy does for the stomach that which it is unable to do for itself, even if but slightly disordered or overburdened.

In the sky comes the star of health to the weak and weary despondent dyspeptic, curing all stomach troubles and digestive disorders.

Kodol

supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the inflamed muscles and membranes of that organ are allowed to rest and heal. It cures indigestion, flatulence, palpitation of the heart, nervous dyspepsia and all stomach troubles by cleansing, purifying and strengthening the glands, membranes of the stomach and digestive organs.

Remarkable Surgical Operations.

The removal of a man's beating heart from his body and its replacement, after a bullet had been extracted from the region adjacent, is the remarkable achievement of surgeons at the Germantown, Pa., Hospital. The patient is reported to have recovered from the effects of the operation and stands in a good way for complete recovery. Frank Robinson, 32 years old, who weighs 252 pounds, was shot in an altercation with a policeman September 7. The bullet entered Robinson's left breast directly on a line with his heart. He was hurried to the Germantown Hospital, where it was believed he could not live more than a few hours. The physicians finally decided there was a bare possibility that the man's heart had not been injured, but they could not probe to make sure. An operation was decided on. Portions of two ribs were removed, exposing the heart to full view. This the surgeon carefully removed from the body, and, holding it in his hands, made a minute and thorough examination. As soon as it was taken from the body it was observed that the heart seemed to beat more vigorously and in great regularity. The heart was then put back and the ribs replaced. The bullet was found in the flesh an inch from the heart.

After slowly becoming blind and partly paralyzed, Ernest Howes, of West Haven, Conn., was restored to complete control of his faculties by an operation a week ago. About a year ago Howes, who is a carpenter, received a blow on the head, from the effects of which he lay for several days unconscious. Later, he apparently recovered. Not long after, however, he began to complain of headaches. Then his legs became partly paralyzed, his eyesight began to fail, and a month ago he was compelled to take to his bed. In addition to this, his mind was becoming a complete blank. After a consultation of physicians the case was diagnosed as tumor in the brain. A week ago an operation was performed by Dr. Morris D. Slattery. The doctor cut into the brain for an inch and opened up a cystic tumor, the sac of which was over two and a half inches deep. It covered the posterior lobe on the right side of the brain. Mr. Howes has recovered the use of his mind, his eyesight and limbs, and is rapidly reaching a normal state, and every hope is held out for his ultimate recovery.

Fired on by Canadian Steamer.

The fourth of the fish-tug incidents of the past week took place in mid-Lake Erie yesterday, when the Canadian cruiser Vigilant riddled the big steam tug Harry G. Barnhurst with small shells from the rifle on the patrol boat. More than thirty shot struck the vessel, and of these, fifteen of the small shells landed with telling effect on the upper parts so that the boat careened to one side with the mass of wreckage when she came into port. The fireman Magnus Johnson, fainted in the hold from over exertion in keeping the steamer going ahead. Two fishermen were cut in the face by splinters shot away by the bullets. The Barnhurst, according to Capt. Fasel, was about five miles over the line drawing nets when the Vigilant appeared. The other Erie tugs, the Alma, Valiant, and the Boyd, were closer to the line, and ran away when the chase started. Capt. Dunn ordered the Barnhurst to stop, but instead of doing so, Capt. Fasel put on full steam and started for the line. He took a southwesterly direction, and could not be headed by the Vigilant. It has become quite the custom for the Erie fishermen to cross the line regardless of strict orders from the companies employing them and having exciting brushes with the Vigilant. They never think of surrender when there is a chance to run away. The Barnhurst lost a large quantity of nets.

An Aeronaut's Adventure.

After being caught in a storm while up in a balloon, John Morrissey, an aeronaut, on Saturday night fell into the Nemaha river, near Tecumseh, Neb., where he remained all night, clinging to a tree until he was rescued yesterday morning, half dead. Morrissey made a balloon ascension late Saturday afternoon and was caught in a storm, which broke while he was in the air. He drifted away in the darkness. The balloon was finally caught in a downward current and Morrissey was in danger of being cast to the earth, when he cut loose his parachute and was finally thrown into the Nemaha river. There he managed to clutch the limb of a tree and held on until morning, when he attracted the attention of section workmen.

The Colonel's Waterloo.

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo, from Liver and Kidney trouble. In a recent letter he says, "I was nearly dead, of these complaints, and, although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold, and guaranteed to cure Dyspepsia, Billiousness and Kidney Disease, by E. S. Leadbeater & Sons, druggists, at 50c a bottle.

Ask Your Grocer For It.

What is a "Razzle Dazzle?" Something new to amuse old and young--a very ingenious novelty that we will give away Friday, September 22d, for five labels from Corby's Mother's Bread. Don't fail to tell your grocer to save one for you.

Corby's Mother's Bread is 5 Cents a Loaf.

It's the best bread in the world--the purest, cleanest, highest grade bread. Best for children; best for grown folks. Recent tests of different breads offered for sale in Alexandria have been made with the result that many contain 30, 53, 77 and 150 per cent more acidity than normal.

The Same Tests Made of Corby's Mother's Bread

have shown in every instance that the completed product contains only the normal amount of acidity as contained in the raw ingredients before making them up.

THERE IS NO MORE FORCIBLE ARGUMENT IN FAVOR OF CORBY'S MOTHER'S BREAD

For everybody must acknowledge that the excess of acidity in these other breads must be injurious to the delicate tissues of the stomach.

CORBY'S MOTHER'S BREAD is a perfect bread-- scientifically made--perfectly developed--perfectly fermented and even more nutritious than meat.

HOT BREAD FOR EVERY MEAL.

Our wagons call at your grocer's just before Breakfast, Lunch and Dinner to supply Hot Bread right from the oven for every meal.

THREE JURORS CURED

Of Cholera Morbus with One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Clebourne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one twenty-five cent bottle cured the three of us." For sale by Gibson & Timberman and W. F. Creighton & Co.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

MONDAY EVENING, SEP. 18, 1905.

MAYOR HAYS, of Pittsburg, Pa., announces that he has had enough of the office. Among other things he says:

I'm not much of a brass band man, nor am I much of a fellow for display. [This was his observation as he looked woefully at a stack of requests for railroad passes.] I shall be glad when my term of Mayor is over. I am glad I have been the Mayor of Pittsburg, but I shall be equally glad when I retire from office. There are so many annoyances which are not a part of the Mayor's duties, that it will be a great relief to pass them on to some one else. If I could go ahead and look after the city's business without any blowing of horns and without interruption, I should enjoy the work. This seems impossible, and as a result, I cannot give the city's work my attention, nor can I manage any private affairs.

Such conditions exist in every community. The number of requests (reasonable or otherwise) made of a city's executive are legion. Many of his constituents seem to think he has nothing else to do than to devote his time to their private interests or whims, and should he attempt to do all that is asked of him he would have no time to devote to the city's affairs. Hence most people who have been placed in such a position feel a relief when the burdens of the office have been transferred to the shoulders of a successor. People are often unreasonable and exacting. They run to the Mayor on every occasion and generally in regard to the most trivial affairs. A man on one occasion rushed to the Mayor of Alexandria for relief from a peacock which had disturbed his early morning slumbers. This is but one of hundreds of other trivial matters which are foisted upon the executive of a city.

ANOTHER of the beauties (?) of the present new fangled primary plan, introduced in the State by the opponents of Senator Martin, was brought to light on Saturday, when Mr. J. T. Ellyson, recently nominated for Lieutenant Governor, filed his statement of expenses incident to his campaign. The honor cost him a little more than $2,500 and his salary will be eight dollars a day for sixty days each year during his term of office. It is thought that the expenditure of the two candidates for the Senatorship will total more than $15,000 each, and that the amount spent by Capt. J. E. Willard, who sought the governorship, will be about the same figure. This plan should be repudiated at the very next State convention. Under it no poor man can afford to stand for office, it matters not how well qualified he may be.

THE FACT that Senator Platt, of New York, on his recent trip west took the southern route through Nebraska into Denver, thus avoiding Omaha, Neb., attracted no little attention on account of the activities of Miss Mae Wood in bringing certain damage suits. The latest of her claims in a civil suit is for $25,000 for alleged services rendered to Senator Platt and the United States Express Company while she was employed in the Postoffice Department at Washington. She defines this service as "tipping off" inside workings of the office and in assisting to keep out of the Postmaster General's report a recommendation for the "post check system," thus saving the express company several hundred thousand dollars.

SENATOR LODGE favors ship subsidies on the ground that having subsidized all other forms of manufacturing industry, and having only partially protected the shipbuilders by giving them a monopoly of vessels in the coastwise trade, the nation should go further and guarantee them against loss incurred in competing for international carrying. Concerning this, the Philadelphia Record says: "As we cannot do a profitable business in our dear ships, he proposes to make the business profitable by the payment of a bonus out of the federal treasury. This is "protection" without the usual "revenue" mask—in other words, straight robbery.

TORONTO objects to having a dam in the Niagara to raise the level of Lake Erie, because of the fear that it will cause low water in Lake Ontario. Geologists say that a few thousand years hence, if the present tilting of the earth's crust continues, the lakes will discharge into the Mississippi, Chicago will be submerged and the cataract of Niagara will cease to exist. When that time comes the beautiful sheet of water on which Toronto is situated will diminish greatly in extent, but there is no reason for anticipating fate.

THE WIDESPREAD alarm sounded each fall in New York and other large cities over the fact that some smaller children, through lack of room, are reduced to half time school attendance, draws attention to the fact, says the Journal of Education, that Ithaca has demonstrated by six years' trial that little children do just as well on half time as their mates do on full time. Many observant people believe that children who enter school at the age of nine and ten years are as far advanced at fifteen as those who enter at six and seven.

DISPATCHES received today from Warsaw shows that a veritable reign of terror prevails in that portion of Russian Poland. According to the advices, the policemen themselves are prominent in extending the disorders. A bulletin has been issued announcing that certain officials have been tried and sentenced to death, and that their assassination will soon follow.

From Washington.

[Correspondence of the Alexandria Gazette.]

J. W. Boyd, aged 40, a clerk in the Marine Hospital Service, was arrested today, charged with embezzling government funds and confessed that for the past two years he had misappropriated, through the manipulation of vouches about $20,000. Boyd has been an extravagant liver. His wife is now in Europe. He was appointed from the District of Columbia and received a salary of $1,800.

Brigadier General Jesse M. Lee, of the Department of Texas, in his annual report to the War Department today, declares that after an exhaustive inquiry with conditions, and correspondence and interviews and men of ten posts under his command regarding the army canteen, he finds: "That 80 per cent of the soldiers drink stimulants, the majority drinking moderately of beer and light wines when they can get these beverages; that a well regulated canteen where beer and light wines may be sold conserves discipline, controls and decreases drunkenness and disorders, lessens absenteeism and to that extent tends to reduce desertions; that the only tendency the anti-canteen has on those who drink strong intoxicants under any and all conditions is to increase the number; that the anti-canteen law either adds to the number of saloons contiguous to garrisons or increases their sales and profits, and that it encourages the "treating evil."

John Coleman, secretary of the Central Labor Union, of Buffalo, N. Y., appeared before the Council of the American Federation of Labor this morning and requested the co-operation of the national organization in the labor movement in that city. B. A. Larger and John Rickett, of the United Garment Workers, requested the co-operation of the executive council in building up the organization in certain parts of the country where it has deteriorated recently.

The Geological Survey has started out to solve the mystery of the "blowing" or "breathing" wells, but there is a dearth of information. The information now possessed by the survey comes mainly from the type in the State of Nebraska and in Rapides Parish, Louisiana. It is believed that changes in atmospheric pressure is responsible for the phenomina.

The actual counting of the silver and gold in the United States Treasury, begun two and a half months ago, was partially completed today. 22 men have been engaged in the work.

When certain clerical duties in connection with the count are finished the new treasurer, C. H. Treat, will present Ellis H. Roberts, the retired treasurer, with a receipt for the full amount of money. This will be done probably tomorrow, and Mr. Roberts' bond will then be cancelled. The treasury has in bond, security, paper, gold and silver in the neighborhood of a billion dollars. The amount of currency is about $153,000,000.

Fire caused the loss of about $3,000 to George Killian's paper box factory, at Ward's alley and Cephas court between Sixth and Seventh, M and N streets northwest this morning.

According to the Geological Survey the total quantity of fuller's earth consumed in this country last year amounted to nearly 40,000 tons, of which 29,480 tons were produced in this country. The demand and consumption in 1904 was much larger than during the preceding year. Fuller's earth is chiefly employed for deodorizing, bleaching and clarifying fats, oils and greases. Florida produced three-fourths of the entire American output, with Arkansas second, in the latter State it being used in refining animal and cotton seed oils. The survey takes the position that fuller's earth has almost superseded bone black in this refining process.

Oppose Race Suicide.

The women of Freeland, Pa., who not only indorse with their lips President Roosevelt's views on race suicide, but who, by their works, have helped to boom the population—in other words, the mothers of that place—have formed a Roosevelt Club. Motherhood is the prime requisite for joining, and the petitions of the childless are tossed contemptuously into the club waste basket. Each month the women meet and discuss questions pertaining to the care, training and education of children, and, haply in their secret conclaves, ponder over measures to keep up and even increase the population supply.

In educational matters the organization shines. It is to the credit of these public-spirited women that the agitation was begun against crowded schools, and their quiet but weighty protests have moved the School Board to order the erection of additional buildings.

It is just one year since the club was organized, with five members. There are twenty-five on the lists now, with more applications. The officers are: President, Mrs. Charles Keenan; vice president, Mrs. James Hawkins; secretary, Mrs. Ezra McMurtrie; treasurer, Mrs. George McGee.

Jaws Were Closed 26 Years.

One of the rarest operations known to surgery was performed Thursday by Dr. Andrew L. Nelden, in St. Gregory's Hospital, New York. The jaws of the man that had been grown together for 26 years were cut open so that within a few days he will be able to eat his first solid meal since he was a child. He cannot remember ever having eaten like other folks.

The patient is William Case, 35 years old, of Oneida, N. Y. In early boyhood Case was attacked by lockjaw, and his life was despaired of. As a last resort he was given heavy doses of mercury. He survived the lockjaw, but the mercury caused an excessive saliva of the mouth, so that his jaws remained closed, although they were no longer what surgeons called "locked."

Dr. Nelden first tried to cut open the jaw with an ordinary fine surgeon's knife, but, finding that inadequate, used heavy forceps, which cut through the solid mass of flesh and muscles. Three of the four teeth in the upper right jaw were removed and the tops of four of the lower teeth were sawed off. Then the jaws were sawed apart back to the hinges.

News of the Day.

Dr. Hamilton P. Jones, surgeon in charge of the Emergency Hospital at New Orleans, says he believes Dr. Archinard has discovered the germ of yellow fever.

In his address to the advisory board of engineers President Roosevelt urged them to report a plan for the best possible canal which will require the shortest time for construction.

The call for a convention of representative of the cities of Germany to demand that meat and food animals be admitted free of duty marks a move of the industrial and commercial interests against the landed interests.

Rev. Dr. Stephen M. Newman, after nearly twenty-one years of service and to the great surprise of his whole congregation, tendered his resignation yesterday as pastor of the First Congregational Church, in Washington. Ill health was given as the cause.

Secretary of War Taft and party sailed yesterday from Yokohama for San Francisco on the steamer Korea amid Japanese enthusiasm. A reception was given to Secretary Taft yesterday afternoon at the American consulate by Yokohama merchants.

An amicable understanding between Norway and Sweden is in sight. The influence of the powers, particularly of England, is having effect. King Edward is said to have suggested a modus vivendi. It is believed Prince Charles will be elected king of Norway.

President Samuel Spencer, of the Southern Railroad, and President Hanse, of the Georgia Central Railroad, have been cited to appear before the Railroad Commission of Georgia October 19 to give evidence as to the ownership of the capital stock of the Central of Georgia Railroad.

Mrs. O. H. P. Belmont is to have one of the largest and most distinguished house parties ever given on Long Island to signalize the visit of her daughter. Today week, at Harbor Hill, Mrs. Mackay is to give a splendid musicale, prefaced by a dinner, in her honor. The Duchess will be a central figure at the Mineola and the Piping Rock Horse Show, the Queens-Nassau county fair and the Belmont Park races. The country set will gather in large numbers for these events, and it will be a season unexampled in the annals of society on Long Island.

Beneath the noted "Haunted Oak," off Pelham road, near Amsterdam avenue, the Bronx, New York, there was found Saturday the body of a young woman. The body was clothed in good material, and there were other evidences that the young woman was of good station in life. Her death, it appears on investigation, was caused by suffocation after a most brutal and criminal assault. In the opinion of Coroner O'Gorman, the crime is the most atrocious that has been perpetrated during his term of office. The body was identified yesterday as that of Miss Augusta Pfeiffer, an embroidery worker, whose family lived only 500 feet from the place where the body was found. It was a plain case of assault, with incidental smothering.

POLITICAL.

Democratic headquarters were opened in Richmond today, and speakers will at once take the stump in the interest of the democracy.

The appointments announced for today are as follows:

Hon. Claude A. Swanson, Hanover Courthouse.

Mr. D. C. O'Flaherty and Mr. J. Haskins Hobson, Goochland Courthouse.

Colonel Georgia C. Cabell, jr., Princess Anne Courthouse.

Judge R. T. W. Duke, jr., and State Senator Louis H. Machen, Culpeper Courthouse.

Mr. T. J. Downing, Lancaster Courthouse.

Congressman Claude A. Swanson will open his campaign as nominee of the democratic party for the governorship at Hanover Courthouse today, a place which often echoed to the voice of Patrick Henry. He will strike the keynote of the campaign in a lengthy and carefully prepared speech.

Senator Martin reached Richmond last night from his farm in Albermarle county and will take the stump during the campaign. He will make his first speech at Standsville in Greene county on the 20th. There will be a big barbecue on that date, at which Governor-elect Swanson, Hon. John S. Chapman, nominee for the Senate, and Mr. Early, nominee for the House, will speak.

Lieutenant-Governor Willard reached Richmond last night, coming from his home in Fairfax county.

Captain Willard will place himself at the disposal of Chairman Ellyson for campaign work and expects to be on the move until after the election.

William L. Royall, addressed a meeting in Capitol Square in Richmond Saturday night. The meeting was called by him to protest against political conditions there and to take measures to remedy them. Three resolutions which Mr. Royall offered were adopted. They declare that the city electoral board has lost the confidence of the people and call upon it to resign; ask that the municipal primary be set aside because of fraud, and assert that it was so impregnated with fraud that no one who voted in it is bound to support the nominees of the same. In no uncertain tones he handled the electoral board, which he seemed to consider the main source of all evil. He went after Clyde W. Saunders and also paid his respects to J. C. Smith, the city sergeant, and to Minetree Folkes, nominee for commonwealth attorney.

Man of Many Wives Attacked in Court

Like a tigress, Mrs. Rebecca Levi, wife of Louis Levi, of New York, an alleged arch-bigamist, sprang at the prisoner at the police station in Cincinnati Thursday afternoon. Mrs. Levi declares Levi has three living wives in Philadelphia, four in New York, and at least eight others in different parts of the country. She is unable to give the names of any of the wives.

Levi admits he is a bigamist, and that he deserted the wife who trailed him from New York to Cincinnati, and Thursday had him arrested. He also admits that he was indicted for bigamy in New York just before going to Philadelphia.

Asked by the police to tell where his other wives are, Levi said: "Oh, go and find out! I am tired talking."

Virginia News.

It is reported at Lexington that the Baltimore and Ohio Railroad Company will extend its Valley line to Roanoke.

N. R. Bowman, president of the Lynchburg Common Council, and a prominent business man of Lynchburg, died yesterday after being confined to his bed for two weeks.

Miss Pocahontas Bolling Smith, daughter of Prof. Amagill Smith, of Winchester, and George Carroll Todd were married in All Saints' Episcopal Church, Markham, on the 12th.

Farmers in the neighborhood of Rectortown, Fauquier county, have organized the Piedmont Protective Club, to better protect their land against fox hunting. Mr. Bedford Glascock is president.

Mr. Oden N. Casey, of Leesburg, a member of the town council, and Miss Lulu Laycock, daughter of C. F. Laycock, formerly deputy sheriff of Loudoun county, were married in Washington on Thursday.

Col. William H. Stewart, chief of the Crater Legion of Mahon's Brigade, has issued an order calling on all of the survivors of the charge of the Crater to meet at Petersburg on Thursday, October 26 next, and also inviting the survivors of the Georgia and Alabama brigades, who were in the charge, to meet with them.

A democratic convention met at Harrisonburg Saturday and nominated Dr. E. M. Rogers, of Mount Crawford, and P. B. F. Good, of Montevideo, for the house of delegates. They were the only two candidates. Dr. Rogers is a member of the present legislature, Rockingham county being now represented by one republican and one democrat.

Duchess Consuelo.

Consuelo, Duchess of Marlborough, as slight, pretty and dainty as in the days of her girlhood, when she was yet Miss Vanderbilt, is at Deepdale, Long Island, the country home of her brother, William K. Vanderbilt, jr.

The young Duchess's arrival organizes a great Long Island campaign of gayety. Two years ago the Duchess came to this country and visited her mother, Mrs. O. H. P. Belmont, at Newport. Her present visit, it is understood, will be spent on Long Island. She is to divide her time between Brookholt, her mother's home at Hempstead, Deepdale at Great Neck, and Harbor Hill, the residence of Mrs. Clarence H. Mackay, who, as Miss Katherine Duer, was one of her bridesmaids. The Duchess will probably remain in this country about a month.

"In these days of strict business requirement in a great city, men become temperate because of actual necessity. They still desire something that is gently stimulating and meets the wants of companionship. There is no question that they are turning largely to beer, seltzer, and such drinks. Less than one-fourth of those noticed in a big club are taking whisky. When there was an exposure a year or so ago of the use of wood alcohol in a number of saloons in lieu of whisky, resulting in the death of several men, I noticed in my own club a still greater tendency to leave whisky off and substitute beer, the purity of which is, as a rule, unquestioned.

"The giant railroad companies, the immense business interests of the country of all sorts, are beginning to exact from their employees a strict pledge to avoid distilled liquors, but these great concerns recognize the demand of human nature for a stimulant, and most of them do not prohibit beer and the mild drinks. The rule is a good one, in my opinion. I have lost tens of thousands of dollars by the inebriety of brilliant men whose talents in certain lines made them almost indispensable to me. Yet, as I grow older, I become stricter in wanting to know the personal habits of a man. If he drinks whisky I would not employ him at any price. If he drinks beer in moderation, or other soft drinks, I would regard him as temperate and unobjectionable. Such is the almost universal rule of business men of prominence. That accounts more largely for the increasing temperance of the United States than all the laws ever made."

Slemp and Lewis.

The Washington correspondent of the Richmond Times-Dispatch writes: "The impression seems to be growing that the Slemps would be glad to throw Judge Lewis overboard and run the State republican machine without suggestion or help from the candidate, either now or hereafter. The acceptance of the resignation of Judge Lewis as district attorney looks as if he will be out entirely when the campaign ends and Mr, Swanson is seen to have thirty thousand majority. Several Virginia republicans seen here in the past week have expressed the opinion that it was the desire of the Slemps to rid themselves of Lewis and run the State without the help or suggestion from anybody. It is regarded as likely, however, that the President has his mind made up to take care of Judge Lewis though not by appointing him to an office in Virginia, possibly, for it does not appear that there is anything left down there that the judge would have. Mr. Roosevelt is believed to be determined to give Judge Lewis some appointment in Washington or in the foreign service. It is believed the Slemps would be glad enough to have the judge taken from Virginia. They do not like anything resembling a division of power."

[The Slemps from their actions show plainly that they do not believe in any division. Col. Slemp is in Congress; one of his family is his private secretary; one son is a chief clerk in the internal revenue office in this district and the other is chairman of the republican committee. They are evidently making hay while the sun shines—for them.]

Letter to Hinken & Son.

Dear Sirs: There are two sorts of furniture. You know both; for you sell 'em both. One sort looks better than it is, and the other is better than it looks. There isn't any other sort.

The same, two sorts of paint, no more; and we make 'em both—we makes tons of stuff that isn't worth its freight. Belongs to the business—have to. Belongs to your business—you have too.

But this is aside. We put futo cans, with our name on, the very best there is in the world: Devoe, lead-and-zinc. It takes fewer gallons than mixed paints, and it wears twice as long as lead-and-oil.

Mr C O Brown, Columbia, S C, painted his house with Devoe lead-and-zinc. The painter, on seeing the quantity sent to the house, said there wasn't enough. There were ten gallons left, when the job was done.

Yours truly,
F W DEVOE & CO

Today's Telegraphic News

Woman Sentenced.

Richmond, Va., Sept. 18.—Mrs. Estelle Townsend Smith, formerly of Brooklyn, N. Y., was today sentenced to five years in the Virginia penitentiary, by Judge Clopton, of the Manchester Corporation Court, who denied the motion of counsel for the woman, when they sought to have the verdict of the jury set aside and a new trial granted. Counsel for Mrs. Smith will appeal to the Virginia Supreme Court. Mrs. Smith was recently convicted of the killing of her five-year-old son Ralph, by repeated and severe beatings and other cruel forms of punishment. A surprise was sprung today when the Commonwealth's Attorney moved the court to dismiss the warrant against Sheppard K. Smith, the husband of the convicted woman, who has been in custody awaiting trial on the charge or complicity in the killing of the child. The court agreed to the motion and the husband was released from custody. Smith is widely known among race track followers in New York and that vicinity.

Alleged Murderer of Miss Pfeiffer.

New York, Sept. 18.—The police of this city and surrounding country are today searching for Joseph Gerard, who is wanted in connection with the murder of Miss Augusta Pfeiffer, the young woman whose body was found in a thicket on the Pelham road on Saturday. The suspicions against Gerard are that he was seen with the girl Wednesday night. The clothing he wore Wednesday was stained with what is believed to be blood and thrown into a tub of water Thursday morning. His landlady told the police that Gerard came in late Wednesday night and left early Thursday morning, and that she has not seen him since. Other witnesses have been found who saw Gerard on Thursday. The police believe that the girl was alive when she was hidden in the bushes by her slayer, but that she was too weak to make an outcry, and that she lingered, suffering tortures, until Friday at midnight when death came to her relief. The police are now under the impression that the girl was either abducted or enticed to enter an automobile or other vehicle and that she was kept a prisoner for 48 hours. They also believe that the man who killed her was a madman.

Affairs at Oyster Bay.

Oyster Bay, N. Y., Sept. 18.—President Roosevelt has received a cable message from Secretary of War Taft, bearing on the Japanese riots. Secretary Taft is now in Japan with Miss Alice Roosevelt and his party and cables assurances to the President that the disturbances caused by the disappointment over the Portsmouth peace negotiations were not indicative of any antagonism toward the Americans. In fact Secretary Taft cables there was not a trace of anti-foreign feeling among the rioters. This afternoon President Roosevelt received a call from the Chinese minister, Sir Chentung Liang-Cheng, who came to present Wang Tai Sich, an important personage in the Chinese foreign office. Secretary of the Navy and Mrs. Bonaparte will be the President's guests at dinner this evening. They will arrive on the Dolphin, which will take them to New York after their visit. Secretary and Mrs. Bonaparte have been spending their summer vacation in the Berkshire Hills of Massachusetts and are now on their way to Washington.

M. Witte and Party.

Plymouth, Sept. 18.—M. Witte, the Russian peace envoy, accompanied by members of the party which attended him at the Portsmouth conference, arrived here today on board the North German Lloyd steamer Kaiser Wilhelm II. No stop was made in Plymouth, but the party proceeded at once to Cherbourg. M. Witte declined to make any extended statement to the newspapers but said: "What was well done at Portsmouth was planned by the Czar and executed by me as his servant. The credit is due to the Czar for the result achieved. We all acknowledge the noble part which was played by President Roosevelt." M. Witte expressed the opinion that the rioting which has occurred in Tokio owing to the anti-peace agitation which has been going on, will not be likely to affect the ratification of the treaty of peace.

Mysterious Death.

Boston, Sept. 18.—Deputy Chief George C. Neal, of the State police, is expected to make an official report today to District Attorney Scott W. Peters of Essex county, regarding the mysterious circumstances of the death of Mrs. Jennie P. Chase, daughter of Swampscott's millionaire philanthropist, the late Eben Phillips. While Mr. Neal would not admit it, it was positively stated by those familiar with this strange case, that the report will contain a recommendation for a rigid investigation of the death of Mrs. Chase. "It looks like a case of suicide on the surface, but there are circumstances which certainly need clearing up," was all that Mr. Neal could be induced to say regarding the matter.

Accident to Sir Thomas Lipton.

London, Sept. 18.—Sir Thomas Lipton was the victim of an unfortunate accident which occurred today at the Edinburg review of troops before King Edward. Sir Thomas is honorary colonel of the Second Lenark Engineers and was riding at the head of his men in the review when he was thrown from his horse. While he was on the ground the animal kicked him in the face. He was not seriously injured, however.

Explosion in Paris.

Paris, Sept. 18.—An explosion which occurred today at the works of the Paris Compressed Air Company, resulted in the death of two men and the serious injury of four others. As a consequence of the explosion all the pneumatic clocks on the streets stopped and the elevators in many hotels and apartment houses were put out of working order.

Funeral of Mayor Collins.

Boston, Sept. 18.—All that was mortal of the late Patrick A. Collins, Mayor of Boston, was laid to rest in Holyrood cemetery in Brookline today, while the city, whose chief executive he was, paused in its business occupations to do him honor. Men prominent in the nation, State and city escorted the body of the deceased from his late home in Brighton to the Cathedral of the Holy Cross, and later to the cemetery. The Catholic Church, of which he was a worshipper, honored his memory, and among the dignitaries of the church who participated in the final service were the Venerable Archbishop Williams, the Dean of the Hierarchy in the United States; Bishop Brady, several monsignors, and hundreds of the pastors who had known the Mayor. The cortege, escorted by the body bearers, left the house at 9:30 a. m. and arrived at the Cathedral of the Holy Cross shortly after 10 o'clock, when the celebration of the solemn high requiem mass began. Rev. Nicholas R. Walsh, rector of the Cathedral, was the celebrant of the mass, and he was assisted by Rev. Thomas R. McCoy, as deacon, and Rev. John J. Crane, as sub-deacon. There was a eulogy and at the close of the mass and the final absolution was imparted by Archbishop Williams himself. At the conclusion of the services the body was taken to the cemetery. During the hours of the funeral services the business district paid its tribute of respct to the deceased by a general suspension of business, and the fire alarm bells of the city were tolled every 30 seconds.

Farewell Banquet.

Berlin, Sept. 18.—A farewell banquet will be given tonight to United States Consul General Mason, who has been transferred to Paris. Charlemagne Tower, the American Ambassador, will act as toastmaster at the dinner. Privy Councillor Goldberger, who is the author of a book on America, entitled "The Land of Unlimited Possibilities," will deliver an address on the subject of German-American commercial relations. His speech will be a plea for the establishment of a new reciprocity treaty between the United States and Germany. The fact that Ambassador Tower will attend the banquet is regarded as his reply to the recent attacks made upon him by German newspapers on the ground that he was opposed to reciprocity.

Crawled 13 Days Through Woods.

Grant's Pass, Ore., Sept. 18.—Wanted as witness in the land frauds trials, Joseph Cosgrove, who disappeared from Takilma Smelter, at Waldo, nearly two weeks ago, has been found. He crawled into the camp of his uncle and father near Kerby in a shocking condition, having been lost 13 days in the mountain wilds of southern Josephine, with hardly anything to eat during that time. Cosgrove fell from a cliff, being badly injured, and had crawled about the woods with sprained ankle, bruised arm and badly-cut face and head. He is too weak to talk, except in whispers, and can tell but little of his terrible experience in the mountain woods.

Trouble in Cuba.

Havana, Sept. 18.—As the result of the clash which was reported last night between rural guards and police and city authorities at Cruces, growing out of political differences, the local judge at Cruces has ordered the imprisonment of the Mayor and several councilmen as well as of a number of policemen. The town is greatly excited over this latest development in the political feud. The rural guards are supporters of the government while the municipal authorities are backing General Gomez in his candidacy for President of the republic. The two forces came to blows last night, and the order of imprisonment followed today.

Heavy Rains.

Kansas City, Mo., Sept. 18.—Another inch and a half of rain fell up to 8 a m, today and the steady downpour continued at that hour. The total precipitation of the past three days is nearly eight inches. The weather bureau received only meagre reports from the surrounding country this morning, but advanced the opinion that rain is general. Wire and railroad communication is practically suspended, not a single passenger train having arrived on time this morning. Several roads annulled trains.

Yellow Fever.

Cincinnati, O., Sept. 18.—There are only six cases of yellow fever at the detention hospital.

New Orleans, Sept. 18.—The health inspectors had a good rest yesterday, only reporting 24 new cases and two deaths.

New Orleans, Sept. 18.—Up to noon today, 11 new cases of yellow fever and five deaths from the disease in this city were reported.

Attacked by Chinese Laborers.

Johannesburg, South Africa, Sept. 18.—Chinese laborers at the Geldenhuis mines who had refused to work last night, made an attack upon the manager of the compound. The police were called out and forced the laborers to return to work. One hundred Chinese laborers at the French Rand mine have left their work to search for a man who had perpetrated a hoax at their expense.

Baron Komura Improving.

New York, Sept. 18.—Baron Komura's condition continues to improve. His convalescence may be said to be well established.

The Baron is again thinking of starting for Japan, and it is now believed he will sail from Tacoma on an early steamer, leaving probably about the latter part of this month or early in October.

A Remedy Without a Peer.

For any disorder of the stomach, biliousness or constipation, these Tablets are without a peer. For sale by Gibson & Timberman and W. F. Creighton & Co.

Startling Mortality.

Statistics show startling mortality, from appendicitis and peritonitis. To prevent and cure these awful diseases, there is just one reliable remedy, Dr King's New Life Pills. E. Flannery, of 14 Custom House Place, Chicago, says: "They have no equal for Constipation and Billiousness." 25c at E. S. Leadbeater, & Sons, druggists

DIED.

At the Alexandria Hospital, on Sunday, September 17, SADIE ESTELLE PADGETT, daughter of William B. Padgett, aged 16 years. The funeral will take place from St. John's Chapel, West End, tomorrow (Tuesday) evening at 3 o'clock. Friends are invited to attend.

Reign of Terror in Warsaw.

Warsaw, Sept. 18.—A barbarous reign of terror conducted under the direction of the police exists here and equals anything which happened in the worst days under the old police methods. Arrests of persons suspected of political offenses are made every night. Hundreds of wellknown local residents have dissappeared, and it is supposed they have been victims of this form of prosecution.

All information in regard to them has been refused to their families, and they have not even been told whether these men have been arrested. All of the prisons and the citadel are packed with prisoners. Nearly 12,000 persons are now confined in these prisons, and nearly all of them are charged with political offenses.

The prisoners have not been given a chance even to disprove the charges against them. The police methods excel those employed during the bloody days of the French Revolution. The officers have resorted to a system of torture to compel prisoners to reveal the names of political agitators.

An instance which shows the methods to which the police are resorting is quoted. A detective who was spying upon workingmen while disguised as a house painter, fell from the sixth story of a house, as he was overtaken by an attack of giddiness because of his inexperience at such work, and was killed. A company of infantry was ordered to surround the house. All of the other workmen were arrested and taken to the citadel, where they were tortured in an endeavor to extort a confession from them that the spy had been murdered. Six of the men were tortured so brutally that it was necessary for them to be treated by an ambualce surgeon and one of the victims died.

Socialists of this city have issued a proclamation announcing that the execution of a number of high officials has been scheduled.

Cruel Practical Joke.

Pittsburg, Pa., Sept. 18.—Bound tightly to a bedstead, his feet wrapped with paper saturated with oil, to which a match had been touched, and with the flames scorching his legs and body, George Egot, a Slav, of Homestead, was the victim of an assault by four men with whom he had been celebrating an unusually large pay, at an early hour yesterday morning. As a result Egot is lying at his home in a critical condition, and Michael Shearhastzk and John Wirostko are confined in the Homestead police station charged with the deed. Egot, with four friends, started out to to celebrate the receipt of large wages Saturday night and wound up in a room at 540 Fourth avenue. Shortly before daybreak the four friends planned to play a joke on Egot, who had grown sleepy, and binding him to the bedstead, wrapped his feet in paper and saturated it with oil, set fire to it. The yells of the victim mingled with the incoherent shrieks of the four friends who were executing a war dance about their victim, aroused other boarders at the house. A demand for admittance was refused and the boarders broke down the door. At the same time the four men leaped through the windows to the ground and escaped. Egot was rescued from his awful situation and a physician was summoned. The clothing had been burned from his body and the flesh of his arms and legs was scorched black. Later in the day Shearhastzk and Wirostko were arrested. This morning the other two of the party were arrested and complaint was lodged against them before Justice of the Peace Miller. Egot's condition is said to be serious.

Blew Open Safes.

Perth Amboy, N. J., Sept. 18.—Four masked men entered the office of the Amboy division of the public service corporation here early this morning and after binding and gagging the watchman, blew open the safe and escaped with more than $500.

Altoona, Pa., Sept. 18.—The three robbers who cracked the safe in the postoffice at Carrolltown, Cambria county, this morning, are being trailed by bloodhounds. The burglars blew open the safe with nitro-glycerine, the charge being heavy enough to blow out the front of the building in which the office was located, and broke the glass in windows across the street. Over $300 in money belonging to Postmaster Frank N. Donohue, who conducts a grocery in connection with the postoffice, and $100 in stamps were taken.

Military Luncheon.

Paris, Sept. 18.—M. Henry Berteaux, the Minister of War, gave a military luncheon at the Ministry of War, today, in honor of General Chaffee, of the United States army and his staff. The luncheon was attended by General Brugere, commanding General of the French army, and other generals who have been taking part in the grand maneuvers. United States Ambassador Robert McCormick, M. Doumer, president of the Chamber of Deputies, General Dubois, of President Loubet's official household and who represented the President, and several ministers were also guests at the luncheon.

Accident to a Parlor Car.

New York, Sept. 18.—Twelve persons were injured, none serious, in an accident in the New York Central tunnel at 57th street and Park avenue, this afternoon. A parlor car on train No. 54 on the New York, New Haven & Hartford Railroad, outward bound, jumped the track and bumped in a stone wall throwing the thirty occupants of the car in all directions, and injuring twelve. The injured suffered chiefly from cuts, contusions and shock.

Verdict of Guilty.

Meadville, Pa., Sept. 13.—The jury in the case of David N. Tryon, accused with having received deposits at his bank at Spartansburg, this county, when he knew the bank to be insolvent, returned a verdict of guilty, this morning. Mr. Tryon has also been convicted of embezzling the funds of the bank, after it closed its doors, March 4, 1905.

New York Stock Market

New York, Sept. 18.—The stock market was full of buying orders at the opening and, although these were supplied in fairly large volume to realize profits and by the execution of old standing orders, the demand continued urgent and prices advanced all over the room.

Weather Probabilities.

For this section partly cloudy tonight and Tuesday, probably showers; light variable winds.

Didn't Know Whereabouts.

At an early hour last Friday morning a colored woman, who had not visited Alexandria for several years, boarded a Washington-Southern train for this city. The road was familiar to her until she reached a point near St. Asaph Junction and when she found she was being whirled within a few yards of the alms house, then into a cut and subsequently on the high embankment over the Braddock road, the woman began to grow restive, and finally asked one of the crew the objective point of the train. She was told it was Alexandria, and a minute later the cars had stopped at the new depot, a structure the colored passenger had never seen before. She was helped out and the train proceeded south. The woman was bewildered and refused to believe she was at Alexandria, notwithstanding people about the depot assured her she was. She had some familiar landmarks pointed out to her, and later wended her way toward King street.

Supposed Suicide.

The Washington police are of the opinion that Simeon E. Jones, 68 years old, a carpenter, of that city, jumped into the Potomac river from the steamer Charles Macalester Saturday night and was drowned. He had been missing from his boarding place since early Saturday morning, and Saturday night when the steamer arrived at Washington a coat and derby hat were found on the boat, which are supposed to have been the property of Jones. A man answering Jones's description was seen on the boat at Fort Washington.

The body of Jones was found today at Glymont and the Washington police boat has gone there for it.

Bicyclist Overboard.

A young man who was mounted on a bicycle at Mr. DeW. Aitcheson's wharf yesterday collided with an obstacle and shot over the handle bars into the dock. Some men who were angling nearby extended their fishing rods to the young man while he was floundering in the water, but it remained for Mr. August Calmes to rescue him, and he soon placed the victim of the accident upon terra firma. Mr. Calmes enjoys a reputation for saving people from watery graves, he having on one occasion rescued an aeronaut near River View.

The Schools.

The public schools resumed their sessions today after the summer recess with a good attendance, though the number of permits issued to children to attend the schools so far is only 1,810 as against 1,945 during the corresponding period last year. It is believed that in a short time, however, the number of pupils will fully equal that of last session. There have been no changes in the corps of teachers.

The Postal Company.

The Postal Telegraph Company is actively engaged renewing its line, which parallels the Richmond, Fredericksburg, & Potomac Railroad. Mr. J. L. French, of Alexandria, is looking after the inspection of the work. Mr. French is a son of Colonel James S. French, who built the old Alexandria and Washington Railroad, an important connecting line for years between the North and the South.

Quiet Conditions.

The police report the city as having been remarkably quiet during the past forty-eight hours. There was but one arrest, that of a colored individual, who disturbed the peace of the southern section by crying murder and causing the police to chase and capture him. Serenity prevailed in every section yesterday, and, so far as could be ascertained, nothing has occurred today worthy of mention.

Fraternal Visit.

Oriental Lodge, No. 6, Knights of Pythias, will be visited tomorrow night by a number of prominent members of the order from Washington. Past Grand Chancellor Thomas A. Bynum, who will be among the visitors, will be accompanied by a number of other members of the order, among them Past Chancellor Hugh Reid, general organizer for the Endowment Rank, Knights of Pythias.

Steamer Released.

Captain Jefferson, colored, of the steamer Jane Mosely, which was attached on Friday on the libel filed by Bernard Scott, colored, stipulated before Commissioner Rogers in Baltimore Saturday in $5,000, securing the release of the steamer. As will be recollected, Scott was arrested on the charge of tampering with the vessel's machinery, but was dismissed.

St. Mary's Academy.

Though the opening of St. Mary's was considerably in advance of the other schools of the city, there was a large enrollment on the opening day, Tuesday, September fifth. Since then the classes have been steadily growing in number. At present the enrollment is so large that the faculty contemplate necessary additions to the building at no far distant date.

The Churches.

Yesterday, for the first time during the past six weeks, the pulpits of the several churches were all filled by the resident clergy. The inclemency of the weather kept many people indoors, so the attendance was not so large as would have been the case under more favorable conditions.

Police Court.

The only case before the Police Court this morning was that of a colored individual named Andrew Hamilton, who was taken into custody Saturday night by Officer Nicholson. Hamilton had been acting in a strange manner on the streets. He was dismissed by Justice Caton.

A car of an electric train bound for Mount Vernon ran off the track at the intersection of King and Royal streets about half-past 2 o'clock this afternoon, and some time elapsed before it was replaced upon the rails.

Railway Tracks in Alexandria.

The practical abandonment of Henry street by the Washington-Southern Railway Company will naturally enhance the value of property on that thoroughfare, as heretofore it has been undesirable as a residential street by reason of the passage over it day and night of passenger and freight trains. There are sewer facilities on a portion of the street, and after the railway tracks shall have been removed and some repairs made to the thoroughfare, there is every reason to believe that the vacant lots on the northern portion of the street will be utilized for building purpose. While the tracks on Fayette street are still being used for the transfer of freight cars and from the yard of the Washington-Southern Railway to the Fayette street depot, now utilized for local freight purposes, and for placing cars at the glass works a few squares north, the abandonment of that thoroughfare by the company is believed to be merely a matter of time. A large brick building to be used for freight purposes has been erected near the new union depot, and when tracks shall have been laid to it and spur tracks constructed from the north to the glass works, there will be no further use for Fayette street nor the freight depot. Some persons still believe that the ultimate object of the railroad companies is to run cars on Union street from the north instead of via Wilkes street. About a year ago it was determined to abolish the transfer service between Alexandria and Shepherd's and an order was issued to that effect. It was, however, rescinded, with the understanding that the service would be continued until the completion of the new union yards north of this city. The time may not be far distant when the Union street track and a short stretch running west from the W. & O. road toward the Portner Brewery will be about all the trackage in Alexandria.

Opera House.

The theatrical season of 1905-6 opened at the Opera House Saturday night in the presence of a fair-sized audience. The attraction was "The Sign of the Cross," a religious drama by Wilson Barrett. The show was produced in an exceptionally good manner and was heartily applauded. William Ferris played the part of Marcus Superbus in an excellent manner and was thoroughly competent to handle the role. Miss Minnie Downing, as Mercia, was all that could be desired and her playing of the part was decidedly good. The parts of Glabrio, Tigellinus, Favius, Stephanus, Viturius, Lucinius, Poppaea, Berenis, Dacia and Aucaria were well portrayed by members of the troupe. Charles Stowe played the part of Nero, and gave a fine interpretation of the part of the emperor. The season has opened under favorable auspices, with one of the best productions seen in this city for a long time and a good many of first-class plays are looked forward to. Everything will be done to preserve good order.

Democratic Committee.

A meeting of the city democratic committee is being held this evening at the Hotel Fleischmann to consider the matter of filling the place on the democratic ticket nominated last June and made vacant by the death of Mr. J. S. Beach, clerk of the courts. It is generally believed that a primary will be ordered early in October. So far the only candidates for the position are Mr. Charles Bendheim, recently appointed clerk, and Mr. N. S. Greenaway, who served as deputy under Mr. Beach. These gentlemen both favor a primary. Both will make an active canvas for the position.

Corporation Court.

[Judge L. C. Barley presiding.]

J. T. Burke qualified as administrator of the estate of the late John G. Beckham and gave bond in the sum of $30,000.

City Council vs. Mary M. Braddock; decree confirming report of Special Commissioner Garner and appointing G. L. Boothe, commissioner, to sell property.

City Council vs. R. LeGrand Johnson; final decree.

City Council vs. Samuel Thomas; final decree.

Deaths.

Miss Sadie Padgett, the sixteen-year-old daughter of Mr. W. B. and Mrs. Alice Padgett, died at the Alexandria Hospital last night. Her death followed an attack of acute indigestion.

Catharine, the infant daughter of Mr. William and Mrs. Hannah Creegan, died at her parents' home, 417 south Alfred street, yesterday.

The Deputy Clerkship.

Up to 4 o'clock this evening Mr. Charles Bendheim, clerk of the courts, had not appointed a deputy, but was carefully considering the matter. Mr. Bendheim wants to get the best available man for the position, which is a very important one.

River Notes.

The schooner May, loaded with lumber for Colonial Beach by H. K. Field & Co., has sailed.

The barge Atlantic, from Carteret, with fertilizer for the Alexandria Fertilizer and Chemical Company, has arrived at W. A. Smoot & Co's wharf.

Accepted $3.50 Damages.

Jacob Scott, colored, who was knocked from his cart by a falling trolley pole and injured, last Saturday morning near the corner of King and Lee streets, has compromised his claim on the railway company for damages on the payment of $3.50.

Resumed Operations.

The Alexandria Glass Works commenced operations last Friday. The new plant will manufacture all kinds of glass bottles, and will, it is said, soon have over 100 men and boys on its pay rolls.

Chamberlain's Cough Remedy Aids Nature.

Medicines that aid nature are always most effectual. Chamberlain's Cough Remedy acts on this plan. It allays the cough, relieves the lungs, aids expectoration, opens the secretions, and aids nature in restoring the system to a healthy condition. It is famous for its cures over a large part of the civilized world. Thousands have testified to its superior excellence. It counteracts any tendency of a cold to result in pneumonia. For sale by Gibson & Timberman and W. F. Creighton & Co.

Best For Children.

Mothers, be careful of the health of your children. Look out for Coughs, Cold, Croup and Whooping Cough. Stop them in time—One Minute Cough Cure is the best remedy. Harmless and pleasant. Contains no opiates. Sold by W. F. Creighton, and Co., 401 King street.

Personal.

Very Rev. T. Canon Meehan, P. P., of Ballindaggin, county Wexford, Ireland, an old friend of Rev. Father Cutler, is visiting at the parsonage of St. Mary's Church. He preached able sermons at both services yesterday.

Col. C. A. Dempsey, U. S. A., retired, but now inspector of State militia in Virginia, spent yesterday with his brother, Mr. P. J. Dempsey, of this city.

Mr. Charles Mander has gone to Alexandria to spend some time with his son, Mr. Charles Mander, jr.—[Fredericksburg Star.

Col. Willsam Kilgore, once a familiar figure in our midst, but who for some years past has resided in Rockville, Md., is here on a short visit and is being most cordially greeted by his many friends.

Mrs. R Shinn and her son, Robert, are visiting Mrs. George Kidwell on Duke street.

Mr. W. H. Bontz, engineer of the Reliance steam fire engine, is taking his vacation. His place is being filled by Engineer Noble Smith, of the Columbia. Mr. F. L. Entwisle has charge of the latter.

Mrs. Sallie V. Daingerfield and daughter, Miss Mary, of Alexandria, are the guests of Mrs. W. T. Sutherlin.—Danville Register.

LOCAL BREVITIES.

The straw hat gun seems to have been prematurely fired.

The weather yesterday was rainy and sultry, which curtailed the number of attendants at the churches and kept many within doors.

The weather has turned warm again, the mercury at 2 o'clock today registering 82°.

Dining room open every Sunday during oyster season. C. H. Zimmerman, Market Space.

Contributions to Campaign Fund.

Former Chief Judge Alton B. Parker, last year the democratic candidate for president of the United States, yesterday referred to the charges made by him in the Presidental campaign last fall, that corporation funds were being used in aid of the republican campaign.

To a correspondent was called at Rosemount, Judge Parker's home, and asked him if he had anything to say in relation to the statement made by Vice-President George W. Perkins, of the New York Life Insurance Company, before the legislative committee investigating the insurance business, to the effect that President John A. McCall, of that company, had caused a contribution of about $50,000 to be made last year to the republican national campaign fund, Judge Parker said:

"Yes, I believe I ought to state, now that there is no political excitement to distract the public attention, that the president of the New York Life was not the only such contributor. The officers of other great life insurance companies, such as the Equitable and Mutual, also contributed from the policy holders' funds for campaign purposes last year.

"What has been proved in the case of the New York Life will undoubtedly be proved in the other cases. The facts exist, and the honest and able counsel backed by an honest committee will undoubtedly bring them out for the public good.

"Were there an investigation of railroad, manufacturing and other corporations, it would be found that these life insurance officers were not the only corporation officers who put their hands into the treasury and took out money belonging to widows and orphans to help secure a partisan triumph.

"That their acts were unlawful and their purposes corrupt goes without saying. They intended to have the money used, as is was, in corrupting the electorate.

Sobriety in Business.

"The business and social life of the great city of New York is turning to beer and soft drinks," said Charles H. Treat, United States treasurer, when the subject came up of the experiment of the Subway Tavern. "As collecter of internal revenue in the Wall tsreet district of the city and in the clubs of which I am a member I observed the same tendency. If you should walk into some of the great political and social clubs of New York today, organizations composed of the best business and professional men of the city, seventy-five per cent. of those sitting around the tables would be drinking soft drinks, in which I include beer as the foremost. Even wines are being used in decreasing quantities. This is because wines often contain much more alcohol than is good for the consumer. My long experience as a collector of internal revenue taught me that the fortification and blending of wines often resulted in a mighty strong drink. It is well known that wines are nearly always fortified with alcohol. Wine dealers blend their different varieties, resulting in another mixture of alcohol. The consequence is that the alcoholic strength is variable.

Strikes Hidden Rocks.

When your ship of health strikes the hidden rocks of Consumption, Pneumonia, etc., you are lost, if you don't get help from Dr. Kings's New Discovery for Consumption. J. W. McKinnon, of Talladega Springs, Ala., writes: "I had been very ill with Pneumonia, under the care of two doctors, but was getting no better when I began to take Dr. King's New Discovery. The first dose gave relief, and one bottle cured me." Sure cure for sore throat, bronchitis, coughs and colds. Guaranteed at E. S. Leadbeater & Sons drug store, price 50c and $1.00. Trial bottle free.

If you don't succeed, try over again. We tried it last year, we failed, we made a stronger plea this year, we have succeeded in getting the agency for Dr. Jaegers sanitary underwear for Alexandria and vicinity. We have it in medium and winter weights for men, women and children. Rosenfeld's, 518-20 King street, Alexandria, Va.

King Heir to Fortune.

King Edward has just inherited a fortune from a Capt. Wilson, who lived the last thirty years of his life as a recluse at Folkestone.

Capt. Wilson formerly held a commission in the Guards. Wilson's life until his father's death was that of a well-born, wealthy man's son. When his father, Sir John Wilson, Bart., once commander of the British forces in Ceylon, died, he learned for the first time that he was illegitimate. Wilson at once resigned from the Guards, said good-by forever to society, and went to live the life of a recluse on an estate at Brantford.

He dispensed large sums in charity through a female servant until he died. His own fortune, which now goes to the King, amounts to over $850,000.

In addition to this, the King will receive $130,000 left to Wilson by his father, who died in 1856. This money Wilson refused to touch, the estate having remained unadministered until now, when the Crown inherits both fortunes.

Gold Revealed by Dream.

There is excitement in Pike county, Illinois, over the discovery of gold. Two years ago Frank Clazebrook purchased 42 acres of land on a bluff three-quarters of a mile southwest of Montezuma. Some years previous to that his wife had dreamed of seeing a spring of water with gold issuing with the aqua. Recently, while inspecting the newly acquired farm in company with her husband, she saw a spring which she declared was almost an exact counterpart of the one in her dreams. After much effort she persuaded her husband to explore the bluff near the spring, and he was amazed to find gold in paying quantities. A sample of 200 pounds of sand and gravel assayed at $5.25 a ton.

Attention is Called to the September Sale of

Furniture, Housekeeping Supplies and Housefurnishings,

Which is of Special Interest Just at This Time.

New Fall Colored and Black Dress Goods.

Although this is not a season of novelties in gown materials, there are distinctive features marking the newest weaves, one of the most conspicuous being plainness of surface.

Our buyer has searched the best foreign and domestic markets in selecting fall and winter supplies. The result is a superb array of the finest fabrics from the most celebrated looms of the world.

Trimmings will be a feature of this season's gowns. Velvet is in much demand for collars, cuffs, bands and folds of many shapes, and here are finest velvets in every color and shade.

Plaids are with us in splendid variety of colors and materials. Soft fabrics, taffeta wool, Panama and other heavier weight wools come in rich and beautiful plaids. Some have an overweaving of silk in bright colors, making artistic contrast with the vari-colored ground tints.

Specially stylish are the small checks, those in gray being particularly popular for tailored gowns. Some of the checked wools are in dark colors, with flecks of silk in bright tints, the tiny specks being in highly contrasting colors.

MONDAY EVENING, SEP. 18, 1905.

Murderer Killed.

About three miles below Honea Path, S. C., in Abbeville county, yesterday afternoon, just before sunset, Sam and Jim Moore, two white men, got into a difficulty with Allen Pendleton and another negro. A fight followed, in which Jim Moore was cut and killed by Pendleton. Pendleton escaped and was captured by a crowd about half a mile below Honea Path. He was carried back to the scene of the killing and shot by about a dozen men. C. E. Harper, John F. Monroe and Magistrate Ashley arrived on the scene and tried to prevent the killing. The negro was kept till 10:25 o'clock before he was shot. Most of the parties in the affair were recognized by a considerable number who were present and not engaged in it. The crowd dispersed, and though the negroes are greatly excited, no further trouble is feared.

Riot at a Wedding.

During the festivities following a Hungarian wedding at Newport, in the cement regions of Pennsylvania, early yesterday morning, two of the guests began to quarrel over a girl, and in short order 50 of the foreigners were engaged in a free-for-all fight. The lights were put out, and for the next half-hour the wedding guests were shooting at each other or hammering each other with beer bottles, or slashing one another with knives. Eight men were seriously injured, and one of them named Simsock, who was shot in the side, was fatally wounded. Several arrests were made.

Incredible Brutality

It would have been incredible brutality if Chas. F. Lemberger, of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye." Good for burns and ulcers too. Only 25c at E. S. Leadbeater and Sons, drug store.

Cause of Insomnia.

Indigestion nearly always disturbs the sleep more or less and is often the cause of insomnia. Many cases have been permanently cured by Chamberlain's Stomach and Liver Tablets. For sale by Gibson & Timberman and W. F. Creighton & Co.

No Unpleasant Effect.

If you ever took DeWitt's Little Early Risers for billiousness or constipation you know what pill pleasure is. These famous little pills cleanse the liver and rid the system of all bile without producing unpleasant effects. Sold by W. F. Creighton, & Co. 401 King street.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

A Laxative Cough Syrup.

"A cold or cough nearly always produces constipation—the water all runs to the eyes, nose and throat instead of passing out of the system through the liver and kidneys. For the want of moisture the bowels become dry and hard." Kennedy's Laxative Honey and Tar is the original Laxative Cough Syrup. It meets and corrects the above conditions, by acting as a pleasant cathartic on the bowels—expels all colds from the system and cures all coughs, croup whooping coughs, La Grippe, bronchitis, etc. Sold by W. F. Creighton & Co., 401 King street.

A TRULY IDEAL WIFE

HER HUSBAND'S BEST HELPER

Vigorous Health Is the Great Source of the Power to Inspire and Encourage —All Women Should Seek It.

One of the most noted, successful and richest men of this century, in a recent article, has said, "Whatever I am and whatever success I have attained in this world I owe all to my wife. From the day I first knew her she has been an inspiration, and the greatest helpmate of my life."

Mrs. Bessie Ainsley

To be such a successful wife, to retain the love and admiration of her husband, to inspire him to make the most of himself, should be a woman's constant study.

If a woman finds that her energies are flagging, that she gets easily tired, dark shadows appear under her eyes, she has backache, headaches, bearing-down pains, nervousness, whites, irregularities or the blues, she should start at once to build up her system by a tonic with specific powers, such as Lydia E. Pinkham's Vegetable Compound.

Following we publish by request a letter from a young wife:

Dear Mrs. Pinkham:

"Ever since my child was born I have suffered, as I hope few women ever have, with inflammation, female weakness, bearing-down pains, backache and wretched headaches. It affected my stomach so I could not enjoy my meals, and half my time was spent in bed.

"Lydia E. Pinkham's Vegetable Compound made me a well woman, and I feel so grateful that I am glad to write and tell you of my marvelous recovery. It brought me health, new life and vitality."—Mrs. Bessie Ainsley, 611 South 10th Street, Tacoma, Wash.

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Ainsley it will do for every sick and ailing woman.

If you have symptoms you don't understand write to Mrs. Pinkham, at Lynn, Mass. Her advice is free and always helpful.

TO THE DEMOCRATIC VOTERS OF THE CITY OF ALEXANDRIA:

I hereby respectfully announce myself a candidate for the office of Clerk of the Courts, subject to the decision of a democratic primary.

Having been deputy to the late John S. Beach, I refer my fellow citizens to my record in the discharge of my duties in that capacity as to my fitness and qualifications to succeed to the office of the clerk. I solicit the support of my fellow citizens and ask their endorsement.
